3B Medical Named One of Florida's Fastest Growing Companies

Winter Haven, FL, March 18, 2020 – *Inc.* magazine today revealed that 3B Medical, Inc. is No. 93 on its inaugural *Inc.* 5000 Series: Florida list, the most prestigious ranking of the fastest-growing Florida-based private companies. Born of the annual *Inc.* 5000 franchise, this regional list represents a unique look at the most successful companies within the Florida economy's most dynamic segment—its independent small businesses.

“We are extremely excited to rank in the top 100 of the fastest growing companies in the State of Florida,” said Alex Lucio, CEO of 3B Medical. “Our strength is in innovation and bringing new products to market at a rapid pace. Our product development spans across several areas, including respiratory and disinfection, and we have been very fortunate to enjoy high year over year growth rates. With several new products to launch, we hope to continue on this same growth trajectory,” said Lucio.

The companies on this list show stunning rates of growth across all industries in Florida. Between 2016 and 2018, these 250 private companies had an average growth rate of 302 percent and, in 2018 alone, they employed more than 56,000 people and added \$12.6 billion to the Florida economy. Companies based in the Tampa, Miami, and Naples metro areas brought in the highest revenue overall.

“The companies on this list demonstrate just how much the small-business sector impacts Florida's economy,” says *Inc.* editor in chief Scott Omelianuk. “Across every single industry, these businesses have posted revenue and growth rates that are beyond impressive, further proving the tenacity of their founders and CEOs.”
